WHOPPER (D)—Yellow buff.....	.50
ZEUS (PD)—Rich red, tipped yellow.....	3.50

Dear friend Dahlia Grower:

ANNOUNCEMENT

WE HAVE finished digging and storing our tubers and are happy to announce the size and quality to be exceptionally good. This is no doubt due to the late Fall, making the growing season for this section unusually long.

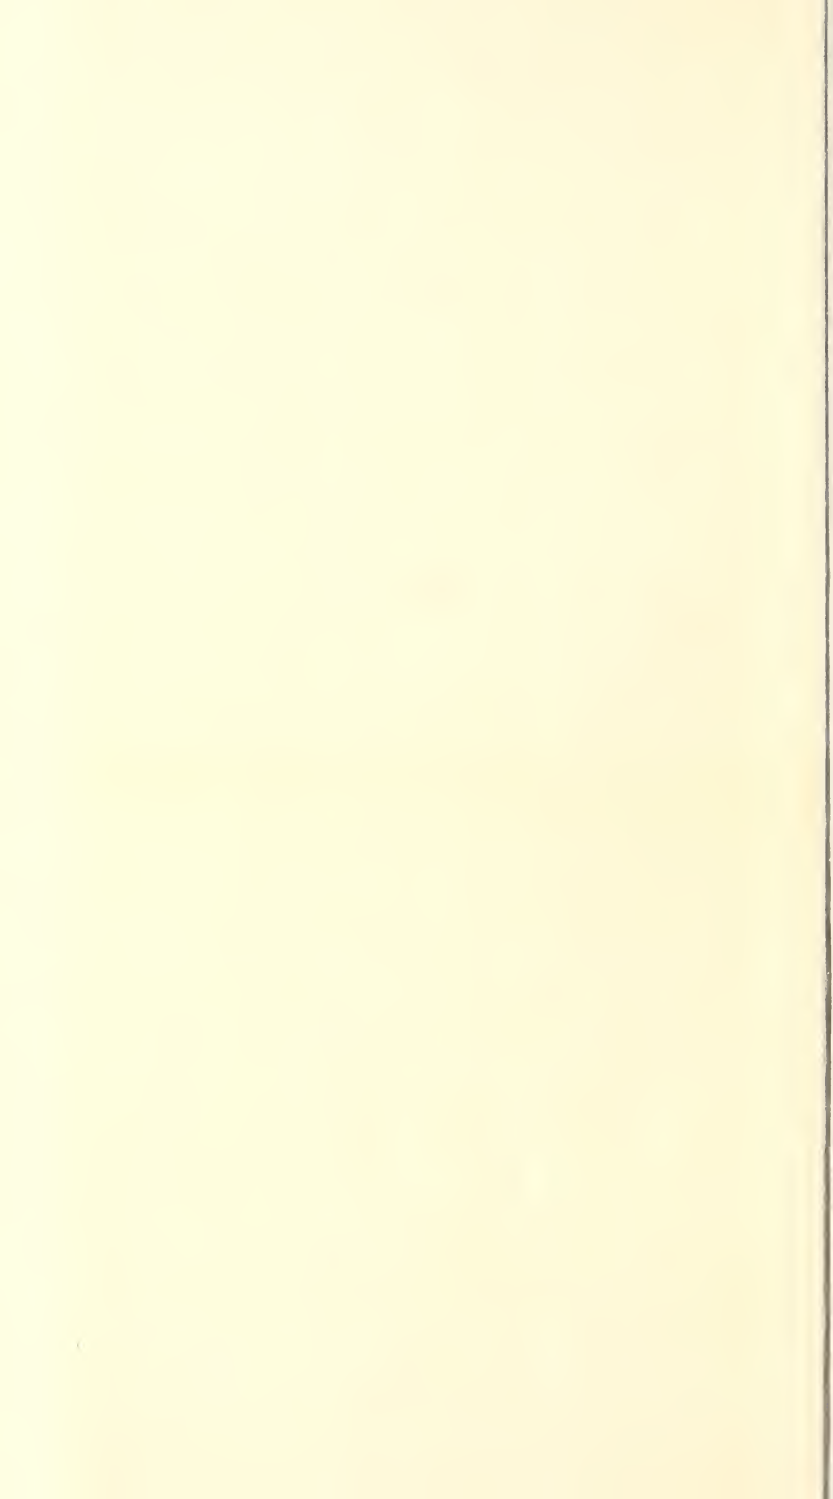

Next season will be our twentieth year growing Dahlias; twenty years is a long time, and we quite naturally feel we have learned much about the culture of this interesting flower, also about human nature, which is all very nice but for the fact that the writer must also realize that he is twenty years older.

On some of the varieties our stock is very large, and as you no doubt are in need of certain varieties to complete your catalogue, you may find them in the inclosed List; if so, and you send us your order before December 31, 1927, we will allow 40% discount on less than six of a kind or 50% on six or more of one variety.

Stock can be sent out at once or will be held for Spring delivery if 10% of purchase price is sent with order. This is a real opportunity to get first-class, true-to-name stock at a very reasonable price. We hope you will take advantage of it.

JOHN M. ROOT.

May we also, at this time, extend to you
The Compliments of the Season

YOU are cordially
invited to visit
our gardens on
Marlton Pike be-
tween Marlton and
Medford, N. J.
